

## SHINING STAR AWARD

From Donna Harrell

June 10, 2005

I thought as any proud parent, I would send this on for the Tattler of Nic receiving one of three Principal's Shining Star Awards given to the graduating class of his elementary school.

Out of 89 kids there were only three awards given, and Nic received the "Heartbeat" award for the child "who best represents the heart and spirit of Delta Kelly School by inspiring us all to try harder and strive for the best."

The Principal had some very wonderful things to say about him! Her speech, before the award, lasted for about 5 minutes, and I kept thinking to myself, "Wow, this is really SOME kid!" And low and behold it was OUR KID!

I can't tell you how proud I was, and am! Of course I lost all composure and started crying, but my girlfriend sitting next to me managed to snap this picture just after he was called onto the stage to receive his award in front of all the 5th grade parents and kids and the 4th grade class!

From one proud Mom and Dad  
Donna and Randy Harrell
