

Jeff Versus The Alligator

Cherry Point, NC

August 16, 2008

By Wendy Conger

Jeff and I went fishing at Duck Pond on the base here at Cherry Point. We have been fishing here for years. Jeff was wearing his waders and was a few yards out in the pond about 45 minutes before these pictures were taken!

The Gator was about six feet long. He hung around and got as close as about eight feet from us. How many fish did we catch that day? Who's counting!

I guarantee that Jeff will not be wading in the ponds around here anymore!
